Opis produktu

A set of three Silicone Boost Hoses for the VAG 140 hp 2 litre Diesel as found in the VW Mk5 Golf 140 Tdi, SEAT Leon MK2 140 Tdi, Audi A3 140 Tdi. These hoses are Fluorolined to protect against oils and discolouration. All hoses are complete with alloy couplers.

Please note that the rubber seal needs to be transferred and re-used from the original fitment couplers to the new alloy couplers.

These hoses do NOT fit the BMM engine

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*

PLEASE NOTE: THE ORIGINAL O-RINGS/SEALS MUST BE RETAINED FOR USE ON THE FORGE HOSES
