Cena brutto	952,05 zł
Cena netto	952,05 zł
Dostępność	Na zamówienie
Numer katalogowy	379176679
Kod producenta	FMKTST250

Opis produktu

A set of three silicone boost hoses for the Ford Focus ST250. With a combination of high grade European Silicone and fabric reinforcement, these hoses are designed to withstand higher temperatures and pressures, than the originally fitted hoses.

If you have a tuned engine this alone would be the perfect reason for fitment, but as they look stunning and improve the looks of any engine, they are the perfect addition for a standard engine as well.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*
