Numer katalogowy	379173339
Kod producenta	FMKT997

Opis produktu

A set of four reinforced silicone turbo hoses for the Porsche 997 3.6 Turbo (2006-2009) which includes our CNC machined "push fit" couplings to ensure ease of installation and longevity. These hoses will withstand greater temperatures and pressures than the OEM hoses and look absolutely fantastic.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*
