Opis produktu

A set of four fabric re-inforced silicone boost hoses for the FIAT Grande Punto 1.9 Diesel. These hoses will withstand greater temperatures and pressures than normal rubber hoses and are less prone to failure.

With a choice of red, blue or black, these really look stunning.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*
