Opis produktu

These Silicone Boost Hoses are for the VW T5.1 fitted with the twin turbo 180bhp diesel engine CFCA.

Being made from high grade, fabric re-inforced European silicone they will not only withstand higher temperatures and pressures than the original hoses, but with a choice of Red, Blue or Gloss Black, they look stunning as well.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*
