Cena brutto	1 089,87 zł
Cena netto	1 089,87 zł
Dostępność	Na zamówienie
Numer katalogowy	379175527
Kod producenta	FMKT011

Opis produktu

This kit comprises of three silicone hoses complete with CNC alloy couplers and the highest quality stainless clamps. These hoses will withstand greater temperatures and pressures compared with the OEM hoses and they look fantastic. The hoses replace the two intercooler hoses and also the throttle body hose. Please note: If you have installed a Forge Twintercooler, two of these hoses will be redundant. The third hose can be purchased separately under our product code FMKTSCI

Please note this will not fit the 210bhp model with engine code CCZB

- **The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.**
- **This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.**
- **The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically**
- **The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.**
- **Lifetime warranty***

Â PLEASE NOTE: THE ORIGINALÂ O-RINGS/SEALS MUST BE RETAINED FOR USE ON THE FORGE HOSES

***T&Cs apply**
