Cena brutto	1 348,09 zł
Cena netto	1 348,09 zł
Dostępność	Na zamówienie
Numer katalogowy	379173422

Opis produktu

A set of four silicone boost hoses for the VW T5 van fitted with the 2500cc 130PS engine (BNZ code) and the 174PS engine (BPC code). These are supplied with alloy bayonet style couplers for ease of installation.

Please note: It is necessary to re-use your original bayonet sealing rings, as these are not supplied.

Please check your engine code. These are not suitable for early 2500cc engines 130PS with engine code AXD, or the 174PS engine with code AXE. For these engine codes, please see [FMKTT5](#)

Some engines need this extra bayonet coupler Some engines need this extra bayonet coupler. If you do need this coupler, you should purchase [FMT5TBHC](#)

You can tell by looking at the hose that goes directly onto the turbo if it has a long coupler you do NOT need to purchase this extra coupler.

- **The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.**
- **This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.**
- **The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically**
- **The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.**
- **Lifetime warranty***

PLEASE NOTE: THE ORIGINAL O-RINGS/SEALS MUST BE RETAINED FOR USE ON THE FORGE HOSES

***T&C's apply**
