Opis produktu

A set of three silicone hoses that replace the breather hoses on the 225hp 1.8T engine with engine code BAM

It will also fit equivalent engine codes which have the same Suction Jet pump layout. Please check your engine layout before ordering.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*
