Silicone Cam Cover Breather Hose for Audi and SEAT

Cena brutto	316,53 zł
Cena netto	316,53 zł
Dostępność	Na zamówienie
Numer katalogowy	379175104

Opis produktu

A silicone re-inforced cam cover breather hose, for the 1.8T 210/225bhp engine. With the original fitment hose prone to splitting, this hose is a fit and forget solution.

Please note that this replacement breather hose is compatible with engine codes AUL and APX with the original hose part number 06A 103 221 N, and engine code APY with original part number 06A 133 221 AA (please check your original part number).

For engines coded BAM please see FM225CCH below.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*
