Cena brutto	2 008,11 zł
Cena netto	2 008,11 zł
Dostępność	Na zamówienie
Numer katalogowy	379175243

Opis produktu

This is not your usual hose kit, this is a real monster with a total of 19 silicone hoses. They are replacements for the OEM rubber coolant hoses, but these have the advantage of being constructed from fabric re-inforced silicone which not only withstand greater temperatures and pressures than the OEM rubber originals, but has an incredible life span, so there is no need to worry about hoses perishing and failing. In addition these hoses come with a fluorosilicone lining that protects them from the effects of coolant enhancing antifreezes.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*
