Opis produktu

A (very) complete set of coolant hoses for the Audi RS3 5 cylinder engine - 28 hoses in all

Please note this kit will NOT fit the Audi TTRS, only the Audi RS3 5 cylinder.

This comprehensive kit is available in your choice of red, blue, or black. Simply select your choice using the options above. We can also supply these Audi RS3 hoses with the appropriate hose clamps. If you wish to purchase these with your hoses, select that option above.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*
