Opis produktu

A pair of silicone coolant hoses in a choice of red, blue or black for the Peugeot 207 Turbo or Citroen DS3. These hoses not only enhance the engine bay but will resist the higher temperatures often associated with modified engines.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*
