Opis produktu

This kit replaces the three boost hoses on the Peugeot 207 GT, GTi Turbo and Citroen DS3. Please note: Four hoses are supplied in the kit as the turbo to intercooler coupler can either have a 48 or 41 mm internal diameter. So dependant on your vehicle , one hose will be redundant.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*
