### Opis produktu

The Silicone Turbo to Intercooler Hose for BMW 135 F20 is a high-quality hose designed specifically for this model. This is our recommended combination hose when fitting the [FMBP135F20](#). Constructed with an inner liner of modified silicone known as Fluorosilicone, these hoses are suitable for use with modern long-life coolants, Organic Acid Technology coolants (O.A.T.), or air containing oil mist. The construction of the hoses has been **engineered to exceed OEM fitments**, enhancing both the technical performance and aesthetic of any engine bay.

In addition to their superior construction, these silicone hoses from Forge also come with a **lifetime warranty\***. This warranty ensures that you can trust in the durability and reliability of our product. However, it is important to note that in order to use the Forge hoses, the original o-rings/seals must be retained. By following this requirement, you can enjoy the benefits of our top-of-the-line silicone hoses and maintain your BMW 135 F20 in optimal condition.

Upgrade your BMW 135 F20 with the Silicone Turbo to Intercooler Hose from Forge, the clear market leader in quality and performance. **Experience superior durability, compatibility, and style in your engine bay.**

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty\*

**PLEASE NOTE: THE ORIGINAL O-RINGS/SEALS MUST BE RETAINED FOR USE ON THE FORGE HOSES**
