Cena brutto	3 555,00 zł
Cena netto	2 890,24 zł
Numer katalogowy	008012RNRSKY

Opis produktu

Designed using CAD software, this Sparco QRT-R SKY seat has been created for easy installation in even the tightest cockpits. Its aggressive look supports its racing character and enhances the rigidity of its structure. The cushion has been divided into two parts, and a fabric with grip in the shoulder and seat areas enhances rider comfort. For fasteners, prefer side fasteners with 290mm centers. Valid until 31/12/2029 What is QRT technology? Created and developed in Italian laboratories, QRT technology is based on aerospace technologies. This innovative production method is capable of generating the lightest, strongest fiberglass bucket seat shells on the market, guaranteeing a weight reduction of 30% compared with standard seats! Also available in fabric version: Ref: 008012RNR Details Sparco QRT R SKY FIA Approval Dimensions (external) 8855-1999 Compatible HANS - Total height YES 94cm Materials - Shoulder width Fiberglass 56cm Weight (approx.) - Lumbar width 7.6kg (seat) / 5.9kg (shell) NC Color - External base width Black 49cm Harness - Total length 5 slots 63cm Fittings - Angle of inclination Lateral (W type) NC
