Sparco Seat ADV Elite Carbon FIA Approved 8862-2009

Cena brutto	27 248,99 zł
Cena netto	22 153,65 zł
Numer katalogowy	00849ZNR

Opis produktu

The SPARCO ADV Elite Carbon seat has been made in 'Super Carbon' material for an extreme lightness and an incredible increase of the rigidity with the help of a method which uses less resin during the autoclave process to obtain a higher pure carbon fiber level of the shell completion. This seat was developed to be conform to the last norm: FIA 8862-2009. The SPARCO ADV Elite Carbon seat has a new choc absorption protection for a better resistance and a high safety level. It was also made in a fire retardant fabric and has antislippery areas at the level of the shoulders. FIA 8862-2009 approved 10 years homologation 'Super' Carbon Fiber Shell Ultra light (7.8kg total) High Resistance to Impacts Fire retardant Fabric FIA 8862-2009 approved only with its alu fixings !
