Opis produktu

This Sparco CIRCUIT QRT seat is perfect for touring and rally cars. With a non-slip fabric on the shoulders and seat for better support, this seat is ultra comfortable thanks to the leg rest and seat cushion that can be divided. For added safety, this seat is equipped with the HRS (Head Restraint System) for better protection of the rider's head in case of impact. The M8 side brackets are fixed at a distance of 290mm. What is QRT technology? Created and developed in Italian laboratories, QRT technology is based on aerospace technologies. This innovative production method is able to generate the lightest and strongest fiberglass bucket seat shells on the market, guaranteeing a 30% weight reduction compared to standard seats!
