Opis produktu

Unmatched comfort and performance are the key words to describe this Sparco EVO L QRT seat. Featuring QRT technology for added strength, a flame retardant fabric liner and a non-slip shoulder and seat area, this seat combines comfort and strength. The leg and seat cushions can be divided as desired. The M8 side brackets are fixed with a distance of 290mm. What is QRT technology? Created and developed in Italian laboratories, QRT technology is based on aerospace technologies. This innovative production method is able to generate the lightest and strongest fiberglass bucket seat shells on the market, guaranteeing a 30% weight reduction compared to standard seats! Sparco EVO L QRT FIA details Approval Dimensions 8855-1999 Compatible HANS - Total height YES 88.5cm Material - Shoudler width Fiberglass 58cm Weight (around) - Lumbar width 7.9kg (seat) / 6.7kg (shell) NC Color - External base width Black 50.5cm Harness - Total length 5 slots 57cm Fittings - Angle of inclination Side(Type W) NC Approval date 2024.
