Opis produktu

Reviewed with the help of QRT technology, this Sparco EVO QRT seat features a grip fabric cover on the shoulders and seat, and a new 2-part cushion for unrivalled comfort. The width of the shoulders has been reduced so that the seat can be installed in smaller cockpits. For fastenings, prefer side mountings with 290mm centers. What is QRT technology? Created and developed in Italian laboratories, QRT technology is based on aerospace technologies. This innovative production method is capable of generating the lightest and strongest fiberglass seat shells on the market, guaranteeing a weight reduction of 30% compared to standard seats! Also available in size L: Ref: 008008RNR Sparco EVO QRT FIA details Approval Sizes 8855-1999 Compatible HANS - Total height YES 90cm Material - Shoulder width QRT 58cm Weight (around) - Lumbar width 7.3kg (seat) / 5.0kg (shell) NC Color - External base width Black 49cm Harness - Total length 5 slots 66cm Fixing - Angle of inclination Lateral (W type) NC Approval date 2023.
