### Opis produktu

This Sparco Martini Racing QRT FIA Evo seat features a full upholstery with the famous Martini brand colorful stripes. Updated with the QRT technology, this Sparco EVO QRT bucket seat has an anti-slip fabric on the shoulders and the base with a new cushion divided into 2 parts for the best comfort! The shoulder width is restraint for an installation in small vehicles. For the fixings, use lateral fastenings with 290mm spacing. What is the QRT technology? Designed and developed in the Italian laboratories, the QRT technology is based on aerospace technologies. This innovative production method is able to generate the lightest and most resistant fiberglass seats on the market with a guarantee of a reduction in total weight of 30% compared to standard seats!
