Opis produktu

Perfect for taller riders, this Sparco EVO XL QRT seat offers unparalleled comfort and performance with QRT technology and non-slip fabric to better support the shoulders and seat while riding. This seat also features a flame retardant fabric liner and splittable seat and leg cushions. The M8 side brackets are attached with a 290mm gap. What is QRT technology? Created and developed in Italian laboratories, QRT technology is based on aerospace technologies. This innovative production method is able to generate the lightest and strongest fiberglass bucket seat shells on the market, guaranteeing a 30% weight reduction compared to standard seats! Please note: This seat being a size L/XL, it may require a modification to your specific fittings (Sparco type) for mounting. Détails Sparco EVO XL QRT FIA Approval Dimensions 8855-1999 Compatible HANS - Total height YES 93cm Material - Shoulder width Fiberglass 61.5cm Weight (around) - Lumbar width 6.5kg (seat) / 7.7kg (shell) NC Color - External base width Black 56cm Harness - Total height 5 slots 56cm Fitting - Angle of inclination Side (Type W) NC Approval date 2024.
