### Opis produktu

Featuring QRT technology, this Sparco GRID Q SKY seat is ultra-versatile thanks to its small footprint. The skai lining gives it a great look and the padded shoulder pads are applied with Velcro®. What is QRT technology? Created and developed in Italian laboratories, QRT technology is based on aerospace technology. This innovative production method is able to generate the lightest and strongest fiberglass bucket seat shells on the market, guaranteeing a 30% weight reduction compared to standard seats!
