### Opis produktu

Using patented QRT (Quick Resin Tech) technology, this Sparco QRT-R Performance seat is sized to fit easily into the tightest of cockpits. Made with a fiberglass shell for strength and leather and Alcantara® upholstery for look and comfort. What is the QRT technology? Designed and developed in the Italian laboratories, the QRT technology is based on aerospace technologies. This innovative production method is able to generate the lightest and most resistant fiberglass seats on the market with a guarantee of a reduction in total weight of 30% compared to standard seats!
