Opis produktu

Turbosmart's OLD RacePort Spring Kit is designed for Turbosmart's lineup of RacePort Blow Off Valves (BOV). It provides a simple and effective way to customize the response characteristics of Turbosmart BOVs. The kit contains three springs with different tensions, allowing you to fine-tune your BOV's performance. In addition, Turbosmart also offers an optional spring preload adjuster, which can be used to further dial in your desired response. With the Turbosmart RacePort Spring Kit, you'll be able to get the most out of your Turbosmart BOV. Whether on the racetrack or just around town, you'll have complete confidence knowing that your BOV will provide the performance you need. Turbosmart's OLD RacePort Spring Kit is a must-have accessory for Turbosmart BOV owners looking to get the best out of their setup. SUITABLE FOR Spring-Suit Turbosmart Raceport BOV Range (OLD).
