Opis produktu

This strut brace has been designed by Forge Motorsport for the Mercedes A45 AMG and also fits the Mercedes A160, A180, A200, A220 and A250. Utilising hollow extruded bar makes this strut brace light weight and rigid.

Fitting is simple and the difference in handling will be felt immediately. The powder coated finish and stainless steel hardware offers protection from the elements and compliments the engine bay.

"I've had my Forge Strut Brace fitted a few months now, no complaints here. Quick & Easy to fit, Immediately feel the change in handling. I would 100% recommend. Thanks Team Forge."
