Numer katalogowy	<b>379176492</b>

### Opis produktu

Our uprated valve for the Suzuki Swift Sport 1.4 ZC33S & 1.0 Boosterjet (also fits the Vitara 1.0 & 1.4 BoosterJet, providing the engine cover is removed) has been expertly designed and manufactured in the UK, meaning we can provide another industry leading valve for your vehicle. For the Hybrid version, you will need [FMDV47](#).

#### Highlights:

- Utilising world leading springs for more precise operation and consistency
- All internal and external components have been made in the UK, ensuring top quality, and offering a valve with faster response times.
- The piston uses heat stabilised Viton O-rings
- Lubricated with high temperature [Mobil1](#) grease to ensure a long life with minimal wear and very long service intervals
- A super durable and responsive aluminium piston
- Fully serviceable and rebuildable in minutes
- Available in anodised black
- Unlike other valves on the market, ours produces no check engine lights (EML)
- Covered by the unique [Forge Lifetime Warranty](#)\*

The Forge Motorsport atmospheric valve is more than just a replacement for the OE diaphragm operated bypass valve – **Part No.18119-65H70**. Our valve offers serviceability, rapid response, great sound, and can be uprated to your tuning needs.

**In The Box:**  
**1 x FMDV21 Valve**  
**1 x 34mm P Clip**

---

**1 x 4mm Vacuum Tube**  
**1 x Custom Silicone Hose**  
**1 x Blanking Plug**  
**2 x Cable Tie**  
**2 x Bracket**  
**2 x 32mm Hose Clamps**  
**2 x Allen Cap Bolts**  
**2 x Washers**  
**1 x Nyloc Nut**
