## Termostat Mishimoto Nissan Sentra Altima 2002-2011 80C/176F

Cena brutto	<b>415,59 zł</b>
Cena netto	<b>337,88 zł</b>
Dostępność	<b>Na zamówienie</b>
Numer katalogowy	<b>331390188</b>
Kod producenta	<b>MMTS-NIS-02L</b>

### Opis produktu

**This item also fits additional vehicles. See Tech Specs below.**

Whether you're stuck in traffic or clipping an apex at an autocross, you need a dependable cooling system. An unreliable and inefficient setup can lead to overheating and potential engine damage. Mishimoto is proud to release an all new racing thermostat specifically engineered for your 2002-2011 Nissan Sentra. Mishimoto racing thermostats promote greater cooling efficiency by significantly decreasing high engine temperatures. Once the engine is fully warmed up, the Mishimoto low-temperature racing thermostat will open at a lower temperature (177°F) compared to standard thermostats (205°F). This allows coolant to flow through the engine sooner, thus reducing and maintaining cooler engine temperatures. As with all our products, this thermostat includes the Mishimoto Lifetime Warranty

- Fits the 2002-2011 Nissan Sentra/Altima
- Lower activation temp allows coolant to flow through the engine earlier
- Maintains lower temperatures and extends engine life
- Mishimoto Activation: 176Å,Å°F (80Å,Å°C) / OEM Activation: 180Å,Å°F (82Å,Å°C)
- Mishimoto Lifetime Warranty
