Triple Catch Can Kit Fluid Lock Radium Engineering for Chevrolet Corvette LT1 2014-2019

Cena brutto	2 850,00 zł
Cena netto	2 317,07 zł
Numer katalogowy	USA-RAD-20-0987-FL

Opis produktu

Radium Engineering catch cans feature large 10AN ORB ports, a 4AN ORB drain port, 2-step oil separation baffling, and an O-ring sealed dipstick. These kits include everything needed for a complete installation. The catch can draws out oil and water condensation from the crankcase gasses that would otherwise be drawn into the intake manifold. Furthermore, the closed system prevents unwanted oil vapors from entering into the cabin. FEATURES Effectively raises the octane and increased engine performance from cleaner inlet air Prevents oil buildup in the intake or intercooler system walls, throttle body, intake manifold, etc. Excessive oil collection can be an indicator of a damaged engine. Lowers hydrocarbon emissions Capacity: 7 fluid ounces 20-0987-FL TRIPLE CATCH CAN KIT, 14-19 CORVETTE LT1, FLUID LOCK COMPATIBILITY 14-19 Corvette LT1 (Wet Sump) 14-19 Corvette LT1 (Dry Sump) This triple catch can kit includes both the PCV and dual CCV catch can kits for the ultimate in engine protection.
