Kod producenta	FMKT010-GR

Opis produktu

This kit comprises of three silicone hoses complete with CNC alloy couplers and the highest quality stainless clamps. These hoses will withstand greater temperatures and pressures compared with the OEM hoses and they look fantastic. The hoses replace the two intercooler hoses and also the throttle body hose.

Please note this product does not fit the Audi TT 2.0 tsi 2010 onwards

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*

PLEASE NOTE: THE ORIGINAL O-RINGS/SEALS MUST BE RETAINED FOR USE ON THE FORGE HOSES
