Cena brutto	186,97 zł
Cena netto	186,97 zł
Dostępność	Na zamówienie
Numer katalogowy	379175158

Opis produktu

This breather hose is available in red, blue or black and is the perfect compliment to the other hoses we produce for the Audi TT, S3 and SEAT Leon Cupra R, with the 225/210hp 1.8T engines. As always we have engineered this to not only look good , but to improve on the original fitment. With a Fluorosilicone protective lining, to protect against oil degradation and discolouring, this hose will not let you down.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*
