### Opis produktu

**We recommend [servicing](#) your valve every 3 years, or 20,000 miles, whichever comes sooner**

Forge Motorsport direct fitment Recirculation valve for Rover MG ZT,620,220 and Saab 93 fitted with the T25 turbo.

This is a piston design recirculation valve that is a direct replacement for the original compressor bypass valve (CBV).

This valve gives greater longevity than the diaphragm valves (OEM) but also benefits from its ability to be fitted with different springs when the boost pressure has been increased or the engine has been modified.

**In The Box:**  
**1 x FMDVT25R Valve**  
**1 x Forge Sticker**

If you wish to tune this product to fit the needs of your engine, please see the spring tuning kit below.

Replaces OEM Part No. 55558271 (Saab)

Will fit Saab Turbocharger Part No. 12755106 and Garrett Turbocharger Part No. 720168
