Opis produktu

Harness the performance and sound of your Nissan 350Z with the XFORCE twin-exit 2.5" bore cat-back exhaust system. Constructed of 304-grade stainless steel and TIG welded throughout to aid aesthetics and reliability, the double rear muffler setup harnesses the standard exhaust soundtrack and thanks to the carefully designed configuration, takes it to a whole new level of both sound and tone. A pair of centre resonators prevent unwanted boom or drone being heard in the cabin whilst the 4" double-walled polished tips add a purposeful look to the rear end look of your 350Z, too. Twin 2.5" system Polished stainless steel Centre resonators Dual rear mufflers 4" polished tips Xforce offers a range of uniquely engineered and designed stainless steel bolt on exhaust systems. These exhaust systems bolt directly to existing mounting points making installation easy. They are built to perform well, with materials designed for longevity and like all Xforce exhaust systems they look great! The unique header design increases power throughout the rev range, while providing a great engine audio note - make it roar!
