Opis produktu

For **Subaru WRX** and **STI** owners wanting to extract maximum performance from their Impreza or Forester in conjunction with the **XFORCE** cat-back exhaust, our downpipe solution is packed with performance adding features.

The 3” bore 304 grade stainless steel downpipe utilises a high-flow cast upper section to ensure maximum exhaust gas-flow is achieved and works hand-in-hand with the 100-cell high-flow catalyst delivers to provide an unimpeded route into the XFORCE cat-back exhaust system.

Polished finished, with TIG welds throughout, this downpipe not only performance great, it also looks great, too.

- Bell mouth style downpipe
- 3″ Polished stainless steel pipe work
- Cast stainless steel top
- 100 Cell metallic high flow cat converter
- Only bolts up to Xforce cat back system

Please note: This product is equipped with a 100 cspi sports catalytic converter which is dedicated for track use only and it may not pass the emission test. Please check if high efficiency catalytic converters can be used on roads in your country.

Xforce offers a range of uniquely engineered and designed stainless steel bolt on exhaust systems.
Theses exhaust systems bolt directly to existing mounting points making installation easy.
They are built to perform well, with materials designed for longevity and like all Xforce exhaust systems they look great!
