### Opis produktu

The XFORCE 2.5" cat-back exhaust system is for Subaru WRX hatchback owners wanting to enjoy maximum performance whilst truly enjoying the unmistakable engine note. Engineered to provide a reduction in back-pressure and to enhance performance, the straight-through design really delivers on both performance and sound. It doesn't stop there though as the 409-grade stainless steel pipework and pressed rear muffler all benefit from a raw brushed finish throughout, with the system finished perfectly with a polished 4" stainless steel exhaust tailpipe trim. 2.5" pipe work systemRaw 409 stainless steelCentre hot-dog resonatorOval rear muffler4.5" polished tip Xforce offers a range of uniquely engineered and designed stainless steel bolt on exhaust systems. These exhaust systems bolt directly to existing mounting points making installation easy. They are built to perform well, with materials designed for longevity and like all Xforce exhaust systems they look great!
