Kod producenta	ES-VW07-CBS

Opis produktu

The XFORCE cat-back exhaust system for the VW Golf R MK6 unleashes a truly iconic soundtrack for one of this generations most popular hot-hatches. The straight-through 3" bore combined with the low back-pressure centre muffler help improve performance and allow owners to enjoy the perfect soundtrack to go with this performance VW model. Packed with neat feature detail, the mandrel bent 304-grade stainless steel system is TIG welded throughout for aesthetics and longevity and is perfectly finished with a pair of double-wall slant cut 4" polished tailpipe trims. 3" 304 Stainless Steel Mandrel-bent pipeworks Oval middle muffler Straight-through design for maximum power and sports sound Oval center resonator Dual double-walled slant tips Xforce offers a range of uniquely engineered and designed stainless steel bolt on exhaust systems. These exhaust systems bolt directly to existing mounting points making installation easy. They are built to perform well, with materials designed for longevity and like all Xforce exhaust systems they look great!
