Opis produktu

For Golf GTI MK7 and MK7.5 owners that are looking for the do-it-all cat-back exhaust, XFORCE have listened and delivered. The low back-pressure 3" bore system features a brushed finish, is TIG welded throughout and is constructed from 304 grade stainless steel for durability and also includes both a resonated front section and also a res-delete pipe, so you can tailor the exhaust sound and volume to your own requirements. It's also packed with detail, from the XFORCE logo on the polished 4" trims, to the cast X split-pipe to the rear which not only looks great, but helps disperse exhaust gasses evenly between both tailpipes, this system really delivers when it comes to performance, looks and sound. Polished stainless steel 3" pipe work Straight through centre resonator 6" round 2nd resonator Straight pipe rear 4" polished stainless steel tips Xforce offers a range of uniquely engineered and designed stainless steel bolt on exhaust systems. These exhaust systems bolt directly to existing mounting points making installation easy. They are built to perform well, with materials designed for longevity and like all Xforce exhaust systems they look and sound great! - make it roar!
