Opis produktu

Unlock your VW Golf GTI MK8 true exhaust sound output with the XFORCE cat-back exhaust system. To allow owners to customise their sound output, this system is also supplied with an optional resonator-delete pipe to further fine-tune your required sound level and tone. Packed with neat feature detail, such as the die-cast branded rear split-pipe, the mandrel bent 3" stainless steel system also packs a performance punch, ensuring a reduction in exhaust back-pressure, whilst delivering in terms of sound and looks, being supplied with a 4" polished stainless steel tailpipe trim. 304 stainless steel 3" Mandrel-bent pipework Optional non-resonated pipe included Straight Rear Pipes With Die-Cast "X" logo Embroidered Split-Pipe Dual 4" Polished Stainless Steel Tips Straight-Through Design for Maximum Power and Sound Xforce offers a range of uniquely engineered and designed stainless steel bolt on exhaust systems. These exhaust systems bolt directly to existing mounting points making installation easy. They are built to perform well, with materials designed for longevity and like all Xforce exhaust systems they look great!
