Kod producenta	ES-FM15VMK-CBS

Opis produktu

Unleashing the **5.0 V8** in your **Ford Mustang GT 2015-17 Fastback** couldn't be easier with our 304-grade stainless steel cat-back exhaust system.

Using a twin 3" bore throughout combined with the straight-through centre muffler and rear mufflers has led to maximum back-pressure reductions, whilst the dual **VAREX**-equipped round mufflers puts you in control of your V8's soundtrack – all at the touch of one of the supplied keyfob buttons.

Sound volume and tone are both greatly enhanced thanks to our VAREX valve controlled mufflers and this system provides owners with a setup that's as quiet as the stock exhaust when you want, or that unleashes the unmistakable sound of the 5.0 V8 where and when you want.

- Twin 3" Cat-Back System;
- Oval Center Muffler;
- Round Rear Varex Mufflers;
- Brushed 304 stainless steel
- Loudest Option
- Dual 4" Tip.
- Will not fit convertible

Xforce offers a range of uniquely engineered and designed stainless steel bolt on exhaust systems.

These exhaust systems bolt directly to existing mounting points making installation easy.

They are built to perform well, with materials designed for longevity and like all Xforce exhaust systems they look great! The unique header design increases power throughout the rev range, while providing a great engine audio note – make it roar!
