Opis produktu

Fully exploit the performance and true sound of your **Lexus IS F V8** engine with the **XFORCE** twin-exit cat-back exhaust system with dual Varex mufflers with valve control.

Constructed of 304-grade stainless steel and TIG welded throughout to aid aesthetics and reliability, the twin 2.5" system feeds into the carefully designed twin oval rear muffler setup which harnesses the incredible IS F soundtrack.

Using the supplied key fobs means you can open and close the exhaust valves in the Varex mufflers at any time, giving you control over both the volume and tone of your V8, at the touch of a button!

Further aiding this system's good looks is the matte finish throughout, whilst the factory exhaust trims are easily re-used to maintain an OEM fit and look within the rear diffuser.

- Stainless steel cat back
- Matte finish
- Twin 2.25"
- Varex rear mufflers
- Utilising factory bumper tips
- Image for reference only, system not polished

Xforce offers a range of uniquely engineered and designed stainless steel bolt on exhaust systems.

Theses exhaust systems bolt directly to existing mounting points making installation easy.

They are built to perform well, with materials designed for longevity and like all Xforce exhaust systems they look and sound great! - make it roar!
