Opis produktu

Owners of Subaru BRZ, Scion FR-S or Toyota GT86 can unlock the hidden performance and sound with the XFORCE high-flow cat-back exhaust system. Constructed from 304-grade stainless steel and fully TIG-welded throughout for enhanced aesthetics and reliability, this system features a 3" bore throughout and utilises a centre hotdog-style resonator and single transverse VAREX rear muffler setup to maximise exhaust gas flow, whilst also delivering on sound. The VAREX integrated exhaust valve puts you in complete control over your exhaust volume, which can easily be adjusted at the touch of a button on one of the supplied keyfobs. Finished with a pair of 4" polished stainless steel laser-etched trims. 3" pipe work Polished stainless steel Centre resonator Single in dual out Varex rear muffler 4.5" polished tips Burnt blue tip option included Xforce offers a range of uniquely engineered and designed stainless steel bolt on exhaust systems. These exhaust systems bolt directly to existing mounting points making installation easy. They are built to perform well, with materials designed for longevity and like all Xforce exhaust systems they look great!
