Opis produktu

Unleash the true soundtrack of your Subaru WRX / STI with the XFORCE 3" stainless steel cat-back exhaust system. Featuring a 3" centre section with hot-dog style resonator, the mandrel-bent system splits into twin 2.5" bore rear sections that allow the exhaust gasses to efficiently flow through twin VAREX oval rear mufflers, before exiting via the four polished exhaust tailpipe trims. Not only does this system look great, thanks to the twin-rear VAREX muffler setup, the integrated exhaust valve control puts you in the drivers seat when it comes to the sound output and tone produced, all easily activated via one of the two supplied keyfobs. Designed for owners looking for a high-flow performance exhaust solution with user adjustable sound control. 3" Cat-back system
