Opis produktu

Transform the driving experience of your Toyota Yaris GR with our ALL-NEW VAREX Valve equipped exhaust system; engineered to take your GR to the next level. Through our extensive development and testing process we've been able to strike the perfect balance between sound and performance creating something very special for the giant killing Yaris GR. The system uses our cutting-edge patented VAREX Valve technology, allowing you to switch from Street to Race mode using the remote control or optional SmartBox system which offers smartphone app control and delivers unrivalled customisation. 3" cat back system in brushed 304 stainless steel Two Centre hot dog resonators with anti-resonance chamber Varex rear muffler with twin 2.5" outlets Polished 4" angle cut tips Xforce offers a range of uniquely engineered and designed stainless steel bolt on exhaust systems. These exhaust systems bolt directly to existing mounting points making installation easy. They are built to perform well, with materials designed for longevity and like all Xforce exhaust systems they look and sound great! - make it roar!
