Opis produktu

Give your VW Golf R MK 7.5 the soundtrack it deserves with the XFORCE cat back exhaust system, complete with VAREX valve control. Constructed of 304-grade stainless steel, the XFORCE high-flow 3" bore system and race-style rear muffler helps reduce exhaust gas pressure for enhanced performance, whilst the integrated VAREX exhaust valve and Smartbox controller gives you complete control over your exhaust volume - plus a host of other exclusive Smartbox functionality via our easy-to-use app. Not only do you get an exhaust system that lets you choose how you your exhaust sounds, you also get enhanced looks too thanks to the brushed finish, precision TIG welds and a choice of 4" quad exhaust tailpipe trims. Tune your Golf R's sound output to your personal preference any time, any place when you harness the performance that only an XFORCE exhaust, equipped with VAREX provides. 3" Pipe workBrushed finish stainless steel pipe workHot Dog resonatorPolished Varex Race rear mufflerQuad 4" polished stainless tip outletVarex Smartbox included in kit Xforce offers a range of uniquely engineered and designed stainless steel bolt on exhaust systems. Theses exhaust systems bolt directly to existing mounting points making installation easy. They are built to perform well, with materials designed for longevity and like all Xforce exhaust systems they look and sound great! - make it roar!
