Kod producenta	<b>FMINTMF56</b>
Kod EAN	<b>*5056721232010*</b>

### Opis produktu

**This is a replacement for OEM part number 17517617598**

- Official supplier to [Mini Challenge](#)
- The Forge F56 intercooler gives a massive 64% increase in frontal area over stock and a correspondingly large increase in volume of 68%.
- Pressure drop under 1 Psi.
- CNC machined intercooler couplers to ensure a precision fit to the OEM Hose couplers.
- Supplied with all fitting hardware, and instructions no additional purchases necessary
- This intercooler is designed as a direct replacement for the OEM intercooler and requires no cutting of bodywork etc.
- **This product is designed, developed and manufactured entirely in Great Britain and is covered by our Worldwide lifetime warranty.**
- High flow cast end tanks to ensure optimum air transition for cooling efficiency
- Adds more aggressive styling to the front end.
- Provides a smoother power curve.
- **Dyno proven horsepower and torque gains**

The Forge Motorsport intercooler variant compatible with your model can be ascertained by viewing the stock intercooler through the front grille and counting the number of horizontal cooling tubes. If your model has seven cooling tubes the [FMINT8](#) is a match for your model, and this intercooler (FMINTMF56) if your model has eleven cooling tubes.

[FMINT8](#)

[FMINTMF56](#)

Fitment of the core is involved but straightforward using the [instructions](#) that we provide, together with a full fitting kit. **No cutting is required**, this core simply replaces the original.

---

**PLEASE NOTE: THIS WILL NOT FIT THE JCW MODEL. FOR OUR JCW INTERCOOLER PLEASE VIEW [FMINT7](#)**
