Cena brutto	1 013,94 zł
Cena netto	1 013,94 zł
Dostępność	Na zamówienie
Numer katalogowy	379175555
Kod producenta	FMIB4CRLK

Opis produktu

This kit will allow the re-location of the recirculation valve on the SEAT MK3 (6L) Ibiza CUPRA 1.8T
Relocation of valve to the "Cold side" of the intercooler will lower the operating temperature of the valve aiding longevity and lower the temperature of the air being fed back into the air intake system. Any reduction in air intake temperature will lead to more power and efficiency
