Vauxhall Astra VXR Silicone Turbo Hoses

Cena brutto	1 189,50 zł
Cena netto	1 189,50 zł
Dostępność	Na zamówienie
Numer katalogowy	379173378

Opis produktu

This set of three pipes replaces the long bend from the turbo outlet (between the radiator and the block) and the two bends on the top of the engine, one between the intercooler and the MAP sensor, the other between the MAP sensor and the throttle body inlet (top hat). The hoses are available in red, blue and black.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*
