Opis produktu

Forge has developed this turbo outlet muffler delete pipe for the 2.0 petrol turbo (TSI) (EA888 GEN4 engine). This will not fit Golf R or Audi S3 8Y as this engine has no OEM turbo muffler.

It has been designed with 3 points of contact to eliminate any possibility of resonance. This part will improve the sound of your turbo spooling and improve throttle response due to its sleek single billet design that eliminates the restriction and turbulence caused by the OEM part.

On the new Golf GTI engine code **DNP**, this muffler delete gave an additional 8-10bhp during dyno tests. This will fit OEM part number **06Q145702B**
