Wastegate Turbosmart WG38 Ultra Gate 38 Gen V 14PSI

Cena brutto	2 023,07 zł
Cena netto	1 644,77 zł
Numer katalogowy	TS-0551-1016

Opis produktu

The GenV WG38 UltraGate38 External Wastegate is a Motorsport proven, cost effective external wastegate. The Turbosmart GenV range is the Highest Flowing Wastegate range in the World. The GenV provides extensive user configuration, world leading extended thermal performance, fatigue resistance and best in class flow performance for optimum control and longevity. The GenV External Wastegate from Turbosmart was a ground up rework of a classic and the only feature that rolled over from the Gen4 range was the mounting orientation. CFD optimized and validated in-house for maximum flow and thermal management, the GenV range has more features, options and performance than any other gate like it. A direct fit upgrade to all Gen4 Turbosmart wastegates and feature our unique collar-locking system, variable actuator cap and base for easy, 360 degree optional routing of reference hoses, optional liquid-cooling provision, 1/8" NPT reference ports and are provided with the full range of available springs.
