Cena brutto	124,57 zł
Cena netto	101,28 zł
Numer katalogowy	BMC01

Opis produktu

Are you looking to add a little more control and customization to your Varex equipped exhaust system? Look no further! We are excited to announce the release of our Drive Mode feature for our Varex Smartbox controller unit. This feature will allow you to control your Varex equipped exhaust system from the OEM Drive Mode vehicle controls, making it easier and more convenient than ever before. Control your VAREX equipped exhaust system from your OEM controls with the new factory drive mode feature. Requires VAREX Smartbox. (not compatible with the standard Varex analogue keyfob control unit.) Compatible with Audi / Skoda / Seat / Volkswagen (VAG), Hyundai, Kia vehicles with 3pin connector with Pulse Width Modulated (PWM) signal. For more information, please view the installation guide.
