## Wspornik pomp podnośnikowych FCST wszystkie głębokości Radium Engineering

Cena brutto	<b>258,99 zł</b>
Cena netto	<b>210,56 zł</b>
Dostępność	<b>Na zamówienie</b>
Numer katalogowy	<b>331469997</b>
Kod producenta	<b>USA-RAD-20-0214</b>

### Opis produktu

FCST LIFT PUMP MOUNTS The mounts below are specific to the following FCSTs ONLY: 20-014X-XX, 20-049X-XX, 20-069X-XX, and 20-099X-XX. NOTE: Lift pump mounting information for the newer FCST-X (20-199X-XX) can be found towards the bottom of this page. The kits below include 2 laser cut polished stainless steel brackets. NOTE: The lift pump mounts included with the purchase of a FCST are designed for fuel cells no deeper than 9" (229mm). This is measured from the underside of the fill plate to the bottom of the lift pump filter sock. 20-0214 FCST LIFT PUMP MOUNTS, ALL DEPTHS These lift pump mounts permit an additional 8" (203mm) over the standard mounts provided with the FCST. They will properly place the lift pump at a fuel cell depth up to 17" (432mm). If modifying to a specific fuel cell depth, simply cut to length using a band saw, cut-off wheel, etc. NOTE: Longer hose and/or wiring may be necessary
